

eposis

webtrader pro

Make it EASY for your customers to trade with you Webtrader Pro Easy eCommerce...

Eposis can design a professional web presence for your company and with it, integrate a powerful e-commerce solution which offers such features as importing products from your accounts package, adding value added content to your products via a simple to use editor, uploading stock information, downloading orders and more.

Webtrader Pro will enable you to quickly upload products onto your website, we use ProtX or PayPal to provide you with the ability to process secure credit card transactions. Our solution automatically emails you and the client notification of successfully completed orders.

The automatic integration of information from your accounts package to your web site and vice versa, offers substantial time saving benefits. Eposis can develop your e-commerce solution allowing you to start taking advantage of Internet trading with relative ease.

For budgetary purposes hosting costs are incorporated into the annual fee and optional extras such as, multiple domain names, email accounts and search engine placement can be incorporated on your request.

Integration...

The Eposis Solution provides back office integration with leading accounts systems. Advanced accounts software integration means e-commerce orders are sent directly to your Sales Order Processing system.

Information which can be utilised in your e-commerce solution ranges from;

- Product detail including - Stock Codes, descriptions, web images, brief description and detailed specification sheets
- Account Holders with - Secure Login providing Existing Customer detail and Sage Price List Replication
- Retail Sales via credit card

The Benefits...

- Integration with the most popular Accounting Packages
- Make it easier for your clients to trade with you
- A new revenue stream for your business -On-Line sales
- Reduced cost of sale compared with traditional methods
- Create and maintain your own web site with full Content Management
- Functionality includes full Trade and Retail Capabilities
- Search Optimisation - helps clients find your site easily. Our website design is optimised for this
